## PASSENGER BOAT BELIEVED TO HAVE FLOUNDERED

San Francisco, Cal., May 1.—The passenger steamer *Siberia*, plying between this port and the Orient, is believed to have floundered off Formosa early today.

Rescue ships are rushing to the steamer from Karenko, and the Japanese government will send assistance. The Pacific Mail office has received a code cable which has not been translated.

Meager wireless reports indicate the *Siberia* may have been beached

on an island near the mainland. No mention was made of danger to passengers. The *Siberia* carried 80 passengers and a crew of 282.

Mrs. Frances Burton Harrison, wife of the governor general of the Philippines, is a passenger on the *Siberia*, being on her way to join her husband at Manila.

## WARM PLEASE!

By Jim Manes.

I've got a healthy bone to pick  
With you, friend Weather Man.  
This sort of weather makes me sick,  
Explain it if you can.  
It got so chilly Thursday night  
I had to build a fire.  
With furnace out, that is enough  
To raise a fellow's ire.

P. S.—In case the weather man hasn't noticed — "SPRING HAS CAKE."

## TRUST WON'T ARBITRATE

Members of the brick trust appeared before the council committee which is trying to settle the brick strike and stated flatly they would grant no increase to the brickmakers, although the union men proved they could easily afford to do so. The trust also refused to arbitrate the matter.

Union leaders will give evidence when the brick trust representatives are through.

## TODAY'S HEALTHOGRAM

To treat a wart, grease the surrounding surface or put a cloth over it with a hole large enough for the wart to protrude through. Then touch the wart with a silver nitrate stick or a match covered with absorbent cotton and dipped in acetic acid.

## WEATHER FORECAST

Mostly cloudy tonight and Saturday; slowly rising temperature; gentle variable breezes. Temperature Thursday—Highest, 44; lowest, 42.
